The 2003 Janet Vargas Christmas party was sponsored by the 150th Fighter Wing Dec. 6.

This Wing tradition started in 1977 in support of a guardsman's daughter with cancer.

Children from the UNM Hospital undergoing cancer treatment (chemotherapy) attend the party, visit with Santa Claus, eat and play games.

In recent years this tradition has expanded to include supporting the Ronald McDonald House and providing special equipment needed by the hospital to make the children's treatments as tolerable as possible.
